

Kompat[®]

GENERAL CHARACTERISTICS:

KOMPAT[®] is a unique blend of special nonionic surfactants, acidifying agents and penetrating adjuvants. It has been formulated to be used with a wide range of pesticides and foliar fertilizers as well as micronutrients.

The addition of **KOMPAT[®]** to a spray tank improves pesticide applications by modifying the deposition and wetting characteristics of the spray solution and adjusting the pH of alkaline waters. **KOMPAT[®]** can be used as an acidifier to lower the pH of spraying solutions to prevent alkaline hydrolysis of pesticide solutions sensitive to high pH.

KOMPAT[®] acts by chelating ions of hard waters, which allows pesticides to work properly.

KOMPAT[®] will also enhance compatibility in some tank mixes where more than one agrochemical product is used.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS (AND DOMESTIC ANIMALS)

DANGER

CORROSIVE. CAUSES IRREVERSIBLE EYE DAMAGE. WEAR SAFETY GOGGLES WHEN HANDLING. HARMFUL IF SWALLOWED OR ABSORBED THROUGH SKIN. DO NOT GET IN EYES OR ON CLOTHING. AVOID CONTACT WITH SKIN. DO NOT INHALE VAPORS AS THIS PRODUCT WILL IRRITATE MUCOUS MEMBRANES.

FIRST AID

If on skin: Flush immediately and thoroughly for 15 minutes, while removing contaminated clothing. Get medical attention.

If in eyes: Wash for 15 minutes with plenty of water, then seek medical attention.

If swallowed: Do not induce vomiting. Contact a physician or poison control centre.

Inhalation: Remove from exposure, treat symptomatically. Get medical attention.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

PHYTOTOXICITY

KOMPAT[®] does not produce phytotoxic effects when used in crops and rates recommended in the label.

DISCLAIMER

ExcelAG, Corp. warrants that this product conforms to its chemical description as stated on the label. The product is reasonably fit for the purpose stated on the label when used in accordance with the label directions and instructions under normal conditions of use.

Neither this warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to label instructions or under abnormal conditions or under conditions not reasonably foreseeable to the seller. Buyer assumes the risk of any such use.

GUARANTEED ANALYSIS

F1442

Active Ingredient:

A proprietary blend of polycarboxylic acids, phosphorous oxy acids,
penetrants and surfactants 50.0 %

Inert Ingredients:

Water and related compounds 50.0 %

TOTAL: 100.0 %

Net Contents: 2.5 Gallons

CAUTION

EPA Establishment# 57242-FL-1

Lot Number: GF-KT-0207

Manufacturing Date: 02-12-2007

Expiration Date: 02-12-2010

DIRECTIONS FOR USE

WHEN USED AS A PENETRATING SURFACTANT

KOMPAT[®] is a water soluble agent product that can be used with glyphosate products such as ROUNDUP[®], GLIFONEX[®], WISE-UP[®], and other pesticides. Recommended rate: Use 1-4 pints in 100 gal of spray mixture, based on the height of plants to be treated. **IMPORTANT:** When using **KOMPAT[®]**, carefully follow product label instructions of products involved.

WHEN USED AS A COMPATIBILITY AGENT

To improve compatibility and stability of tank mixtures of foliar fertilizers, herbicides, fungicides, insecticides and/or pgr's use **KOMPAT[®]** with following rates: If 2-3 products are to be mixed, then use 1-2 pints **KOMPAT[®]** in 100 gallons of spray mixture. If 4 or more products are tank mixed, then the rate of 2-3 pints **KOMPAT[®]** in 100 gallons of spray mixture should be used. **KOMPAT[®]** must be added to the tank prior to mixing the pesticides and must be under continuous agitation.

TO ADJUST THE pH

Use 32-320 cc **KOMPAT[®]** in 100 Gallons of water as per table listed below, to lower pH of alkaline or hard waters. The optimum rate of **KOMPAT[®]** may vary under extreme alkalinity conditions.

Recommended table to adjust pH

Desired pH	Initial pH				
	8	9	8	7	6
8	32	0	0	0	0
7	64	32	0	0	0
6	250	200	120	0	0
5	320	250	200	120	120

cc **KOMPAT[®]** per 55 gallons water

PERSONAL PROTECTIVE EQUIPMENT.

Applicators and other handlers must wear: long sleeved shirts and long pants, waterproof gloves and shoes plus socks and protective eyewear. Discard clothing and other absorbent materials that have been drenched or contaminated with this product. Follow manufacturer's instructions for cleaning/maintaining personal protective equipment. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

DISPOSAL

1. Triple - or pressure - rinse the empty container. Add the rinsings to the spray mixture in the tank.
2. Follow state instructions for any required additional cleaning of the container prior to its disposal.
3. Make the empty container unsuitable for further use.
4. Dispose of the container in accordance with provincial requirements.
5. For information on the disposal of unused, unwanted product contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.
